#### WHERE THEY WILL PREACH ASSIGNMENTS OF METHODIST MIN-ISTERS FOR THIS YEAR.

the New York and Newark Conferences Complete Their Work-Adverse Votes in Both on the Questions of Admitting Women and Lay Delegations-New York East Debating. SING SING, April 13.—The New York conference which has been in session in this village for ten days closed to night. Over four hundred clergymen have been in attendance during the session and many questions affecting Methodist Church

fairs have been settled. The questions of admitting women as members of the conference and laymen also were overwhelmingly defeated, A resolution was adopted to-day providing for selebration of the one hundredth anniversary of this conference, which takes place in April, 1899. A committee was appointed to raise \$10,000 to be distributed on that occasion to the superannuated clergy of the conference,

This evening the most important business of the conference was concluded when the list of the assignments was announced by Bishop Mer-

rill. This is the complete list; NEW YORK DISTRICT. B. S. Osbon, Presiding Elder, P. O. Yonkers, N. Y. E. S. Cabon, Presiding Elder, P. O. Yonkers, N. Y.

NEW YORK EAST CONFERENCE. Lively Debate on the Question of Admitting Women-Appointments To-Day,

The proposition to admit women of Methodist faith into the General Methodist Conference was debated for nearly five hours yesterday by the New York East Conference in St. John's Church, Brooklyn. The question has been before the Conference for several years. The Rev. Dr. C. S. Williams complimented woman and said that in her lay the moral and intellectual development of the Gospel. The Rev. Dr. George P. Mains said that he had always been in favor of promot ing woman's usefulness and heartily favored her admission into the General Conference.

The Rev. Dr. George E. Reed said that it was unfair after all the great work by women was done to refuse them admission when they knocked on the door of the General Conference, Such a course would be illogical and inconsist ent with the lastory of the Methodist Church. The Rev. Dr. J. M. Buckley opposed the propo sition and said it would lead to the admission of women to the pastorate besides destroying the chivalry of man and the modesty of woman. The question was debated until nearly o'clock. Then the vote was postponed until be

morning session to-day. The committee of five appointed by Bishop Walden on last Saturday to investigate rumors reflecting on the Rev. Henry Aston of Flatbush presented the following report:

reflecting on the Rev. Henry Aston of Flatbush presented the following report:

"Your committee beg to report that after a long and patient hearing and investigation of the matters in question they are unanimous in the opinion that while at times in recent years there have been incidents which apparently would justify the formulation of charges of misconduct on the part of Dr. Aston in his domestle relation, both improduct and unchristian, they are also unanimous in the opinion that there were and are physical and mental conditions, due to ill health, the infirmities of years, and the pressure of other causes, which would in their judgment largely account for the same. We therefore recommend, first, that the character of the Rev. Mr. Aston be passed by the Conference; and, second, we also beg leave to express the judgment that, in view of facts in the passession of this committee the continuance of the Rev. Dr. Aston in the effective relations would be unwise. We also report that in this opinion the Rev. Dr. Aston in the effective relations would be unwise. We also report that in this opinion the Rev. Dr. Aston in the offective relations before the appointment of your investigating committee.

The report was adopted. The assignments of ministers will be made at the morning acasion to-day.

UNEQUAL TAXATION.

vestigation by State Tax Commissioners.

ALBANY, April 13.-The State Board of Tax Commissioners met to-day to continue the investigation of taxation in certain counties of the State. A committee of the Board of Supervisors from Fulton county conferred with the State Board as to assessing property at its full value and complying with the new law. An examination of assessors of Fulton county

elicited the fact that the real estate of the cities of Johnstown and Gloversville is assessed at the towns in the county is assessed at 75 to 80 per cent., and that the bank stock of these cities is assessed at 70 per cent, of its value; also that private individuals, whose fortunes are estimated at \$1,000,000 each, escape taxation by maintaining that their money is invested in railroad stocks.

The most interesting examination was that of the assessors of Cohoes, which brought out the fact that a supposed assessment of \$315,000 upon the personal property of the Harmony Mills in that city was not carried out in such a way as to constitute a valid assessment, although it had been carried on the books in the invalid way for a number of years. It was ascertained also that during the last three years assessments of the real estate of this company have been decreased \$1,000,000. It further appeared that the assessors did not take into consideration the actual value of bank stock of the banks in the city, but considered only its par value, and then assessed it at 70 per cent, of that value, making the assessment upon the banks less than one-half that required by law. the towns in the county is assessed at 75 to 80

ANTI-PORTRAIT BILL HEARING.

Judge Lamoreaux Thinks There Are Worse ALBANY, April 13.-The Assembly Committee on General Laws gave a hearing this afternoon on the Ellsworth bill to prohibit the unauthor ized publication of portraits. The bill was opposed by John E. Milholland, Judge Lamoreaux, S. B. Donnelly, who said he represented the printing trades of New York city, and by a representative of the Evening World.

The arguments advanced against the bill were a rehash of those used before the Senate committee. Most of them do not apply now, as the mittee. Most of them do not apply now, as the bill has been amended so as not to apply to po-litical carroons.

Judge Lamoreaux said that the bill would mean absolute bankruptey for many magazines and weeklies. The penalty was too high, and the libel laws were sufficient protection for sufferers

libel laws were sufficient protection for sufferers at the hands of the new journals.

"Is it not a fact," asked Assemblyman Miles, "that it is the consensus of opinion that in New York city journalism has degenerated in recent years, and that this bill would tend to raise it again to the standard of Horace Greeley and Henry J. Raymond!"

Judge Lamoreaux's reply to this was that, bad as some of the New York newspapers were, there were worse ones in Europe.

It is expected that the committee will report the bill favorably in a few days.

LINE SALOON KEEPER INDICTED. His Place of Business Was Astride the United

ALBANY, April 13.-The Grand Jury of Clinton county has reported six indictments for violation of the Liquor Tax law. One case is against John E. Overton, who keeps what is known as a line store on the Canadian line, who long evaded ine store on the Canadian line, who long evaded Canadian and United States law by dodging from one end of his store to the other to make his sales, as circumstances seemed to require. He is now in Jall.

John W. Winters and W. L. Armstrong of Mooers Forks, who were also indicted, have de-camped and left the Riverside Hotel yacant.

STRONG'S VETO OVERRULED

THE SENATE REPASSES THE GREATER

Thirty-four Votes for the Charter and Only Ten Against It-Page Intimates That Ford Is No Gentleman-A Goo Goo Bill Killed-Extension of the Metropolitan Museum.

ALBANY, April 13, -The Senate repassed the Greater New York charter over Mayor Strong's veto to-day by a vote of 34 to 10. It was repassed by the Assembly last night, and it is now in the hands of the Governor, who has agreed to give a hearing upon it. The time for the hearing has not been fixed, but it will be probably the latter part of this week.

The discussion of the bill in the Senate was brief. Senator Lexow declared that the Republicans had no fear of the result of their making the great city of New York the pride of the Western Hemisphere. Senators Malby and Pavey thought it was political suicide for Republican party, Senato Mullin declared that the same persons who were crying for home rule and Greater New York would come to the Legislature and ask for protection against themselves. Senator Cantor commented on the inconsistency of Mayor Strong in approving the charter as a member of the

Senator Stranaban said that it was wonderful to see how great men had acted on the charter. Mayor Strong had talked for it, but had vetoed it, and Senator Cantor had talked against it, but had voted for it. Yet every-body who voted against the charter disclaimed that Mayor Strong's action had influenced

This brought Senator Ford to his feet, and he declared that his efforts in opposition to the bill had hear dictated by his sense of public duty. It would lay upon the city of New York an expense of \$1,500,000 for Marbattan Island and a similar sum for the annexed district. "I am glad," said Senator Page, "to learn the position of the pneumatic Senator from New York."

It is said that the company which now has the contract to light the Capitol has eilered to make a contract for a price lower than the light can be furnished by the State. The Governor suggested that the bill be amonded so that in case the State could save money in this way the plant need not be put.in.

Senator Grady's bill to prohibit the use of the flag of the United States or of this State as a banner or device by political parties was passed by a vote of 'D to 15.

The general revision of the labor laws of the State prepared by the Statitory Revision Commission, and introduced by Asemblyman Sanders, was ordered to a third reading in the Assembly to day. The bill will not come up for final passage until next week. The companion bill to the proposed labor law, amending the Penal Code relative to violations of the Labor law, was ordered to a third reading.

Assembly man Baker's bill, providing that persons convicted of fulony shall be sentenced to a State prison instead of 10 a pentientary, was amended and ordered reprinted. The bill was prepared by the State Prison Commission, and is a part of the general scheme of the commission to carry out the prison provisions of the Constitution. The bill was amended so as not to apply to felons now serving terms in the penitentiary.

The Assembly passed Senator Burm's Bronx River Sewer hill by a vote of 81 to 49. The Mayor of New York city, the Chairman of the Board of Supervisors of Westelester county, Edward H. Healy and Archibald Van Orden of New York city, William Welsh of Yonkers,

Frank M. Tichenor of Mount Vernon, and Jacob Halstead of Mamaroneck are named in the bill as the Bronx Valley Sewer Commissioners. They are empowered to provide for the building, operation, and maintenance of a system of sewerage disposal of the Bronx River, the Hutchinson River, and the Westchester Creek valleys, in New York and Westchester counties, Each Commissioner is to receive a salary of \$3,000, except the two public officials on the commission.

It has been estimated that the construction of the sewerage system will cost anywhere from \$1,000,000 to \$40,000,000. No definite estimate of the cost could be given, it was said, as no

st.000,000 to \$410,000,000. No definite estimate of the cost could be given, it was said, as no plans or specifications for the work had been made. Sixty per cent. of cost of construction is to be paid by New York city and the balance by Wostchester county. The sewer is to run from the northern line of White Plains to Long Island Sound, a distance of twenty-live miles.

A discussion on the measure was brought about by Mr. Husted's motion to strike out the enacting clause. Mr. Smith explained the provisions of the bill and declared that there was an urgent necessity for its passage. He dwelf at length upon the report of the commission which investigated the question and favored the construction of the sewerage system. There was no doubt of the approval of the scheme by the taxpayers interested. He declared that the bill provided for a great public improvement which would meet an agitation of this question lasting for several years. It would be of immense benefit to the section through which the sewer would run and would greatly enhance the value of property.

Mr. Husted said this, was the Bronx River.

benefit to the section through which the sewer would run and would greatly enhance the value of property.

Mr. Husted said this was the Bronx River Sewer bill which was built up on the same lines as the Mathewson New York City Concourse bill which passed the Assembly a few days ago. The bill, he said, contained the worst elements of a political scheme and was the pet project of Senator Burns. The provisions of the bill were not the same as those reported in the bill prepared by the Sewerage Commission. There were several bad features which had been injected by Senator Burns. It was another attempt of Senator Burns to pay off old political debts. The gentlemen named to comprise the commission did not possess any special qualifications to carry on this gigantic work. There was no limit to the cost of construction, and no check upon the expenditures to be made by the Commissioners named in the bill. The construction of the sewer would mean a confiscation of property and ruin to its owners. Not a single locality affected by the proposed act was in favor of it, he declared. The sewer would cost over \$10,000,000, and the Republican party could not afford to pass a bill which embraced such a violation of local home rule.

Chairman Austin of the Cities Committee de-

Republican party could not afford to pass a bill which embraced such a violation of local home rule.

Chairman Austin of the Cities Committee defended the measure. He thought it was demanded by the people of the localities to be benefited. He did not think the cost of construction would exceed \$4,000,000. Mr. Husted withdrew his motion to strike out and the bill was passed. The supporters of the bill were compelled to do a deal of skirmishing before enough votes could be obtained to pass it. As it was, it received only five more votes than were necessary. Assemblyman Husted says the bill is practically dead, as the Mayor of New York will vote it and it will not be returned to the Legislature until after final adjournment.

Mr. Horton introduced in the Assembly to-day a bill providing for an additional member of the State Board of Charities so as to make legal the appointment by Gov. Black of Edward Lauterhach of New York city as a member of the board. The bill provides for four members from New York city, where only three are allowed under the present law. Mr. Lauterbach sappointment gave New York city four members of the board in violation of law.

Senator Page introduced a bill confirming the formation and consolidation of street railroad companies in pursuance of any special law which provides railroads shall be more than five miles in length and shall have been constructed and operated for more than the last three years. The bill is understood to be in the interest of the Huckleberry Railroad in the upper part of New York city.

The House passed Assemblyman Addis's antiscalpers bill by a vote of 92 to 40. An amendof Mr. Abell's providing for the licensing of
ticket scalpers by the Mayor of a city and the
President of a village was defeated by a vote of
71 to 37. Mr. Green's motion to strike out the
emeting clause was also beaten, 78 to 33.

The bill will now go to the Senate and he substituted for Senator Mullin's similar bill, which
is on the order of third reading in the Senate.

WHITE WINS FROM CURRY.

Toniny White of Chicago was declared the winner of his twenty-round fight with Eddie 'urry of New York at the Broadway A. C. last night. The card included two other bouts, and The star pair weighed in at 126 pounds, Curry being robust and muscular, in decided contrast

to his fragile-looking opponent. Although the Chicago man won clearly on science, his showing was somewhat of a disappointment. Curry, on the contrary, surprised even his most ardent admirers, and kept on improving right through the fight. In fact, his last three rounds were his best, and had be sailed in from the start he might at least have secured a draw. While White was fresh, Curry found much difficulty in eaching him, but the Chicago man wilted n ticeably toward the end, and although he kept a landing and scoring he failed to leave a mark He also got off scot free in that respect himself. Indeed, the contest was singularly free from blood and bruises, so much so in fact that a little nore ginger would have been appreciated by the

old timers at the ringside. The sport began at 8:40 o'clock with a bout be tween Jack Hamilton of Elizabeth and Jerry Barnett, who were matched to box ten rounds at 122 pounds. Jerry stripped in unusually good shape and catered the ring in a giddy pair of pink trunks. He at once set to work with his left and sent it in t'ush on the face and body repeatedly. The Elizabeth man was a bit wild. but a few of his swings landed heavily. Hamilton kept himself better in hand during the second remaid and held his own in every raily. Barnett opened the third with a hot left and then appearent his man heavily. Hamilton rushed in again, but Barnett danced away out of danger. The champion came from Washington by the way of the Baltimore and Ohio Rallroad, and he reached Jersey City at 3 o'clock. With Fitz were his wife, baby, Ernst Roeber, Dan Hickey, and the two dogs, Yarum and Leo, the latter a beautiful St. Bernard presented to

Mrs. Fitzsimmons by a friend in the West. Long before the hour scheduled for the arrival of Fitz a surging, jos ling crowd gathered, at the foot of Liberty street. They lined West street from Cedar clear to Dey street. At 2:30 o'clock the crowd became so dense that Police Captain Westervelt, who was in charge with twenty bluecosts and ten detectives, had all he could do to assist wagons and other vehicles in their efforts to pass up and down the street. Ten carriages profusely decorated with bunting and flags and flaring red cloth were awaiting the champion's, appearance. They were eccupied by friends of Fitz and

At exactly 3:15 o'clock the great fighter and his party reached Liberty street in an open barouche. In the same carriage were his wife and baby, his sister-in-law, Miss Theo Juilan, and maid. The carriage was drawn by four prancing gray norres. Fitz was attired in a well-fitting dark suit, a long Prince Albert cont, and a patriarchal silk tile. His auburn hair was neatly combed close to his head, and as he rectined in his seat it was apparent that he appreciated the attention crowd showered upon him. In the centre of the barouche was a large horseshoe of flowers on which was inscribed in immortelles and mignonettes the word "Champion."

Fitz's appearance was the signal for one loud cheer, which lasted several minutes. In compliance with the request of many he was compelled to doff his hat time and again. When the procession made an attemnt to start Bayne's Sixty-minth fregiment Band on a fally-ho, which was decorated with flags and bunting, struck up a lively tune. Another cheer followed, and a start was made for the Hotel Barthoud, a few banner bearers, who carried a large flag on which was inscribed "Thamform of Chambions.
